Accessibility Statement

Due to the historic and natural features of Shaker Village of Pleasant Hill, accessibility to guests with limited mobility can be challenging. In order to provide the best possible experience to all guests, Shaker Village strives to accommodate guests with limited mobility by providing alternative experiences, including several tour programs, demonstrations and exhibits that are accessible to everyone. With advance notice, we will make every effort to respond to special needs.

Shaker Village is a 3,000-acre property, and historic buildings are spread throughout the grounds. The terrain is often rough, and the Village has many uneven limestone sidewalks and gravel paths. All of the restored 19th century buildings have two or more steps, and no elevators are available.

Promotional Materials

Shaker Village provides color brochures and digital photography free of charge.
