

PHOTOGRAPHY GUIDELINES

for Shaker Village of Pleasant Hill

Shaker Village of Pleasant Hill is a spectacular location for photography. Many people want to take photographs of the interiors and exteriors of these beautiful and historic Shaker buildings. We appreciate this desire and want to be as accommodating as possible.

GENERAL PHOTOGRAPHY

- Photographers who wish to access interior spaces are required to purchase admission and display their tour ticket. For all others, donations are requested in lieu of an admission fee and may be made at the admission booth.
- Due to the limited space inside the buildings, Shaker Village does not allow the use of tripods and monopods inside of any building. Tripods and monopods are welcome outside.
- Please be mindful of other guests. Shaker Village reserves the right to ask photographers to move if the shoot impedes other guests or if it interferes with daily operating activities in any way.
- Please do not photograph or video during music performances, as it can be distracting to the performers and other guests. Our singers will be happy to accommodate your photography requests after the performance.
- Please share your photographs on social media using #shakervillageky. You may be contacted by a member of our marketing and communications staff about the right for us to use the photograph for promotional purposes.
