

MEDIA GUIDELINES

Shaker Village of Pleasant Hill

Shaker Village of Pleasant Hill is a spectacular location for inspiration. Many people want to take photographs and videos of, as well as create art based on, the interiors and exteriors of these historic Shaker buildings. We appreciate this desire and want to be as accommodating as possible.

General Guidelines

- Photographers, videographers and artists who wish to access interior spaces are required to purchase admission and display their tour ticket. For all others, donations are requested in lieu of an admission fee and may be made at the Welcome Center.
- Due to the limited space inside the buildings, Shaker Village does not allow the use of tripods, monopods or easels inside of any building. Tripods, monopods and easels are welcome outside.
- Please be mindful of other guests. Shaker Village reserves the right to ask photographers, videographers or artists to move if the shoot impedes other guests or if it interferes with daily operating activities in any way.
- Please do not photograph or video during music performances, as it can be distracting to the performers and other guests. Our singers will be happy to accommodate your photography requests after the performance.
- Please share your art on social media using #shakervillageky. You may be contacted by a member of our marketing staff about the right for us to use the photograph, video or art for promotional purposes.
- Do not climb on fences or historic features or enter livestock paddocks.
- Do not disturb natural areas.
- Park only in designated areas.

Drones

Due to the multi-functional use of the property and out of respect to our guests, drones are not allowed on the property without prior approval. To gain approval for the use of a drone, please email marketing@shakervillageky.org at least 48 hours in advance.

Media Partners

Media partners may include representatives from television and radio stations, magazines, newspapers and other tourism partners who help promote Shaker Village of Pleasant Hill.

We request that all members of the press contact our marketing office at marketing@shakervillageky.org to arrange a visit. Partners may be provided with tours, background information and interviews with the appropriate staff.

Commercial Photography/Videography

Shaker Village of Pleasant Hill defines commercial photography/videography as professional advertising clients shooting either still or film photography or videography. These clients may have crews with multiple people.

The marketing office is available to provide a full range of services to film crews to help coordinate your project. Location fees and additional policies apply. For more information, please email marketing@shakervillageky.org.
